MRS JOANNA MURRAY, DIRECTOR OF SIXTH FORM ON (01443) 773128

## WHAT ESTYN SAYS...

- The school provides outstanding learning experiences that meet the needs of all pupils
- The quality of care, support and guidance is excellent
- The impact that the pastoral care system has on outcomes is sector leading
- The school has excellent business partnerships... producing significant benefits in terms of improved standards

## TREORCHY COMPREHENSIVE SCHOOL, SIXTH FORM CENTRE OF EXCELLENCE PROVIDES:

- The widest choice of 6th form courses being delivered in RCT schools with 35 AS and BTEC Level 3 courses. In 2019 100% of pupils achieved at least 2 A level passes grade A\*-E and almost a quarter of pupils gained the highest grades A\*/A. 100% of pupils gained places at the university, apprenticeship or employment of their choice
- Unrivalled support and guidance for MAT pupils and close links with the Seren Hub and RCT Post-16 MAT/Oxbridge provision
- Sports Academies in Rugby, Football and Netball
- The only Microsoft Training Academy in Wales
- The only school in the Rhondda working in partnerships with multi-national firms Price Waterhouse Coopers, DELL and Microsoft
- The only OLEVI accredited school in RCT and therefore a centre of excellence for developing outstanding teaching

### Cari Jones

I decided to join the Sixth Form at Treorchy as I believed it offered me a wider range of subjects than other schools. When joining the school, I have been offered non-stop support from teachers and Sixth Form staff that I am grateful for. I am currently studying Religious Studies, History and Music and I would like to study Music at university.

### Xander Evans

I am currently studying Maths, Further Maths, Computer Science and Art. I chose to return to Year 12 in Treorchy because they offered a variety of subjects and being in Sixth Form allows me to continue with extra-curricular activities, for example choir and brass band, which a college would not have been able to offer. I would like to continue studying at university when I leave.

### Emily Maggs

I am currently studying Biology, Chemistry, Maths and Politics. I chose to continue my studies at Treorchy Comprehensive School as I feel the school provides a comfortable learning environment as well as numerous opportunities I wouldn't get elsewhere such as being part of the Charity Committee and the Seren Hub. I am hoping to study medicine at university – a goal that I know the school will help me to achieve.

### Michal Harris-Edwards

Currently, I am studying Mathematics, Further Mathematics, Politics and Welsh. I decided to return because the school offers amazing opportunities and the facilities are up to date. I know that Treorchy Comprehensive School will help me to achieve my full potential and my aspiration to study at a Russell Group University.

### Charlotte Hennessy

I am studying English Literature, Media Studies and Drama and am thoroughly enjoying it. I decided to move to Treorchy as my previous school didn't offer the subjects I wanted to study and I knew that I would get a clean, fresh start here. I would like to study film at university and then become a film editor or director.

### Ben Maitland

I am studying ICT and Level 3 BTEC Engineering. I decided to return to Sixth Form as it offers a wide range of opportunities for me to follow in the Engineering pathway. I am hoping to get an apprenticeship in Engineering in the future.

### Keelan Jones

I have returned to Treorchy Comprehensive School to study Drama and Dance. I am very pleased with the variety of activities available and the excellent support which the school provides for me. I also feel that the school is helping me to further my education. I hope to study musical theatre at university and potentially become a choreographer. I feel that being part of such an encouraging school will help me to achieve this in the future.

### Finn Jones

I returned to the Sixth Form to study Economics, PE and Geography and be part of the Football Academy because I have been here for my whole secondary school life, my friends are here and I believe that I couldn't get a better education elsewhere. I hope to own my own business in the future but would like to go to university to further my education first.

### Caine Kelly

I am a new student at Treorchy, studying Level 3 BTEC Sport and I am part of the Rugby Academy. The reason why I decided to come here is because they have high expectations and the school excels in the subjects I have taken. I aspire to be a personal trainer and attend university to study sport to help me achieve my goal.

### Talia Thomas

I decided to join the Sixth Form in Treorchy because it offered all of the subjects I wanted to take and more! Not only this, but the netball academy also attracted me to the school. Alongside the academy I study English, Maths and Spanish. I am pleased with the support I have had to settle into the school and I am confident that the teachers will help me to decide on a future career.

### Hope Hayes

I am currently studying Public Services, English Literature and Criminology. I decided to return to the Sixth Form in Treorchy because it offers a variety of subjects and there is a lot of support from the teachers. In the future, I would like to be a police officer because I would like to make the community a better place.

### Ebony Jenkins

Treorchy Sixth Form has a large variety of subjects to choose from. It was the best option for me because I knew all of the teachers and the Sixth Form staff are a great support system. I am studying History, Biology, Politics and Chemistry and I would like to continue studying history and politics at university when I leave.

### Shanelle Shellard

I am currently studying BTEC Level 3 Health and Social Care at Treorchy's Sixth Form. I chose to move to Treorchy from my previous school because I knew people in the school already and everyone made me feel very welcome when I came on transition days. I would like to become a teacher for people with additional needs in the future.
